SINCE

SUPER PIEDMONT
DOCG

2017

Since 2016, the year of our new Cellar birth. Following the waves of Super Tuscan, we decided to use our three vineyards, putting them together in order to produce this wine. Fermentation, as usual, in concrete tanks without LSA (active selected yeasts) adding, ageing of 12 months in small oak barrels (barriques) of second or third use and 6 months in stainless steel tanks.
Since is made with Barbera, Merlot and Cabernet grapes, vinified separately and blended before ageing in barrels. A wine based on an international concept but with a very territorial character. Since: because we don't have a long history but we do have a great future.
